Your EU translations drift every time you update a product

Auto-sync in Translate and Adapt just changed that.

What drifts without it

- Product name edits
- New collection titles
- Sale and promo copy
- Meta descriptions too

How to turn it on

1

Open the app

Translate and Adapt

2

Pick a language

start with top market

3

Enable Auto-sync

toggle per language

4

Do it today

runs within a week

Swipe →

What auto-sync does

- ✅ Adds missing translations
- ✅ Updates outdated content
- ✅ Up to 8 languages
- ❌ EU stores only
- ❌ Won’t sync instantly

Swipe →

Before vs after

MANUAL	AUTO-SYNC
✗ 2 languages max	✓ 8 languages
✗ Re-run required	✓ Weekly automatic
✗ Content drifts	✓ Stays current

Swipe →

Turn it on today

If you sell into those EU countries, open Translate and Adapt and flip the **Auto-sync** toggle per language.

First run lands within a week. From there it stays **current** automatically.
