

Shopify Accessibility Audit Quote Scorecard

For store owners comparing audit quotes. Print one per quote.

START HERE

Any **Stop if yes** box ticked: reject the quote. Fair audit price is your template count x \$100 to \$250.
Budget **\$1,750 to \$5,000** for audit plus fix.

Stop if yes

Sells an overlay widget as the fix for your theme

DEAL BREAKER

Method is an automated scan only, no manual testing

DEAL BREAKER

Real manual testing

Tests keyboard-only and with VoiceOver or NVDA

0 1 2

Ask: which screen readers, on which devices?

Targets WCAG 2.2 AA, each issue tied to a criterion

0 1 2

Ask: can I see a sample report?

Tests mobile and desktop

0 1

Ask: which phones and browsers?

Includes a retest after the fixes

0 1

Ask: is the retest in the price?

Shopify scope

Tests your apps live: reviews, chat, popups

0 1 2

Ask: do you test with my apps enabled?

Leaves checkout out, except your brand colors

0 1

Shopify reports checkout against WCAG 2.2 AA

Tags every issue theme, app or content

0 1

Tells you who fixes each issue

Fixes you can act on

Names the element, template file and the change

0 1 2

Not just: improve contrast. You hand it straight to a developer

Delivers a dated accessibility statement

0 1

One you can publish on your store

Your score: ____ / 13 Deal breaker hit? Yes / No Candidate: _____

0 to 2 rows: 0 = no, 1 = partly, 2 = yes with proof. 0 to 1 rows: 0 = no, 1 = yes. Bands are my judgment.

0 to 5: Reject

A scan with a logo on it. Do not pay.

6 to 9: Probe more

Gaps in method or Shopify scope. Ask for a sample report.

10 to 13: Hire

Manual, Shopify-aware, fixable. Hire if no deal breaker.

Got an audit report you cannot act on? kaspianfuad.com/contact

Kaspian Fuad, Shopify developer and CRO consultant

Fixed six pages carrying an extra H1 on a luxury jeweler's Shopify store.
